- Located in the City of London

MISSION

“Aiming for excellence in the education and development of young women in the heart of the City of London”

City of London
School for Girls
were smart
using
CoachScanner

WE FOCUSED ON THE TEACHING

We had the need for a coach to transport our students from London to the Peak District and back for an outdoor event. Our concerns naturally were safety, reliability and price.

CoachScanner elevated these concerns by providing the right service at a competitive price.

SECURITY

We wanted a supplier who ensured Drivers undertook relevant CRB and DBS checks. CoachScanner were able to promise the above and also ensure all the Coaches were fully licensed and adhere to UK Laws.

RELIABILITY

As our students were travelling over a weekend, CoachScanner were very helpful and ensured the journey was as planned well.

COMPETITIVE PRICES

Rather than us spending time on gaining quotes from multiple suppliers, CoachScanner did this for us saving us time to focus on important things, like teaching.
